EA6400

Dual-Band N300 + AC1300

Capacity Group D

Upgrade to the latest wireless-AC technology and enjoy faster online gaming and smoother video with this new Linksys Smart Wi-Fi Router, AC1600. The simultaneous dual band allows you to prioritise your devices to cater for those that demand more and new Beamforming technology lowers interference and increases throughput. A USB 3.0 port can be used to print, share and store content and this router also includes a DLNA™ CERTIFIED media Server for home media management. Add to this Smart Wi-Fi to manage your network from anywhere, anytime with the use of mobile apps, to provide the latest future ready set up for your home networking needs. Plus new set up without a CD makes it even easier to install.

Key benefits

- Smart Wi-Fi Apps, tools and mobility
- Approximately 3x speed of Wireless-N
- Gigabit Wi-Fi speeds for fast streaming
- 1 USB and 4 Gigabit Ethernet ports

Easy setup (no CD required)

Now it's even easier to upgrade your home network without the need of a CD for initial set up.

SimpleTap™ technology to easily connect devices

Add devices to the network using the WPS button or by the touch of a card with built in NFC that comes with this router.

Up to N300+AC1300 Mbps speed*

Achieve speeds up to AC 1300Mbps on the 5Ghz band and 300Mbps on the 2.4 Ghz band with Wireless-N.

4 Gigabit Ethernet ports to connect wired devices

Connect up to 4 of your wired home entertainment or office devices, using the gigabit ethernet ports to your home network.

IPv6 enabled

Supported to seamlessly work with your service provider when they switch to IPV6

Parental controls

Manage what the children have access to and when with the parental controls setting that can be managed from anywhere with Linksys Smart Wi-Fi

Separate guest network

Provide your guests with a separate password to your network so that they can get online too.

1 USB port to print, share and store content

Connect your printer or a storage device via the USB 3.0 port so that you can print wirelessly and share content through all of your devices.

Beamforming technology

Helps to focus the wireless signals which expand your Wi-Fi coverage and minimise interference whilst maximising throughput.

DLNA CERTIFIED™ Media Server

Manage your home media with compatible DLNA™ CERTIFIED devices .

Wall Mountable

There are more options as to where you can put this router in your home due to having the option of wall mounting.

Hardware:

Enclosure Dimensions:
274 x 184 x 40 mm
Weight: 499 g
Colour: Black and silver
Packaging Dimensions:
235 x 314 x 65 mm

Technology:	Wireless-N & AC
Bands:	2.4 & 5 GHz
Transmit/receive:	2x2 & 3x3
Antennas:	5 Internal
Ports:	4 x Gigabit LAN 1 x Gigabit WAN 1 x USB 3.0
Power Switch	Power on and off switch
Wi-Fi Protected Setup	Wi-Fi Protected Setup push button
LEDs	Power Ethernet LAN Internet WPS
Software:	Linksys Smart Wi-Fi -Setup guest access -Manage parental controls -Advanced network settings
Setup:	CD-Less Setup
Warranty:	2 year hardware limited warranty
OS compatibility:	Windows, Mac

Wireless:	IEEE/802.11 a/b/g/n/draft ac Simultaneous Dual band 2,4 and 5 GHZ WEP/WPA/WPA2-Mixed, WPA2-Personal, WPA2-Enterprise Wi-Fi Protected Setup (WPS) support Guest access to wireless network
IPv6 support:	Native IPv6 and 6rd support
Minimum system requirements:	<ul style="list-style-type: none"> PC: Wi-Fi enabled with CD or DVD drive, Windows XP SP3, Windows Vista SP1 or later, Windows 7, or Windows 8 MAC: Wi-Fi enabled with CD or DVD drive, OS X Leopard 10.5.8 or later, Snow Leopard 10.6.1 or later, Lion 10.7 or Mountain Lion 10.8
Internet browser requirements:	<ul style="list-style-type: none"> Web Browser: Internet Explorer 8, Safari 5 (for Mac), Firefox 8, or Chrome configuration
Package contents:	<ul style="list-style-type: none"> Linksys Smart Wi-Fi Router AC 1600, Video Enthusiast, EA6400 CD-Rom with Documentation Ethernet cable Quick Installation Guide Power adapter SimpleTap Card

The Linksys Accessories

- Linksys Adapter**
Upgrade your devices to the latest wireless technology
- Linksys Range Extender**
Increase your existing wireless coverage
- Linksys Media Connector**
Connect your wired devices to a wireless network
- Linksys Network Camera**
Monitor your home
- Linksys Powerline Kit**
Expand Internet coverage with your home electricity sockets
- Linksys Switch**
Add additional wired devices to your network

Linksys Smart Wi-Fi Apps

- Block the Bad Stuff**
- NetProofer**
- Gemini IP Camera Viewer**
- HipPlay**
- Device Monitr**

For more information on this product, please visit Linksys.com

*Maximum Performance derived from IEEE Standard 802.11 specifications (draft specifications for 802.11ac). Actual performance can vary, including lower wireless network capacity, data throughput rate, range and coverage. Performance depends upon many factors, conditions and variables, including products used, interference and other adverse conditions. 802.11ac 1300 Mbps in the 5GHz Band is approximately 3 x faster than 802.11n 450 Mbps in the 2.4GHz Band. An 802.11ac adapter will be needed to achieve 11ac data rates and up to 1300 Mbps wireless speeds may be achieved when connecting to other 802.11ac 1300 Mbps devices.
